Clinician Scientist Training Workshop

Saturday & Sunday
October 5-6, 2013

Health Science Learning Center
UW-Madison Campus

The goals of this workshop are to enhance interest and applicable skills in applied research among veterinary residents, and to promote collaborations among veterinary schools for bench-to-bedside research. This one-and-a-half day short course is aimed at clinical residents in any veterinary specialty. Clinical instructors and other new faculty are also welcome, if their goal is entry-level exposure to clinical research skills.

The School of Veterinary Medicine, UW-Madison, will organize the workshop, in collaboration with the University of Wisconsin-Madison Institute for Clinical and Translational Research. We have funding to subsidize registration for veterinary residents on a first-come, first serve basis.
# Agenda

**Targeted participants:** Veterinary residents in all specialties nationwide, as well as new clinical veterinary faculty.

## Saturday
**October 5, 2013**

### Morning Sessions
- 9:00 Turning a Clinical Question into a Testable Hypothesis - L. Trepanier
- 10:00 Choosing the Best Study Design - G. Moore
- 10:50 Break
- 11:10 Choosing Appropriate Statistical Analyses - G. Moore
- 12:00 Lunch

### Afternoon Sessions
- 1:00 Development of a Study Proposal Using the PICOT Approach (Break-out session and discussion)
  - L. Trepanier, G. Moore, K. Garrett and L. Fortier
  - Off-site mentors at video conference sites
- 2:00 Writing a Grant That Grabs the Reviewer - L. Fortier
- 2:50 Break
- 3:10 Overcoming Obstacles in Clinical Research: The Specialty Practice Perspective - K. Garrett
- 4:10 Faculty Panel: Balancing Clinics, Teaching, Research, and a Personal Life - L. Trepanier, G. Moore, L. Fortier, K. Garrett and J. Gookin
- 5:00 Adjourn

### Evening Social Event - location to be determined
- 6:00 Social Hour
- 7:00 Dinner

## Sunday
**October 6, 2013**

### Morning Sessions
- 9:00 “Twelve Minutes to Kill”: Presenting an Outstanding Research Abstract - J. Gookin
- 10:00 Top Ten Mistakes in Writing a Scientific Paper - K. Young
- 10:50 Break
- 11:10 Submitting Your Manuscript and Dealing with Reviewers - K. Moriello
- 12:00 Questions on Fellowship opportunities and Wrap-Up
- 12:30 Adjourn

### 10.5 Continuing Education Hours
will be awarded to individuals who attend the program in its entirety.

*The UW School of Veterinary Medicine is an accredited continuing education provider.*
Speakers

Lisa Fortier
DVM, PhD, DACVS
Associate Professor, Large Animal Surgery, Cornell University
Member, Morris Animal Foundation Scientific Advisory Board

Katherine Garrett
DVM, DACVS (LA)
Diagnostic Imaging Director, Rood and Riddle Equine Hospital, Lexington KY

Jody Gookin
DVM, PhD, DACVIM (SAIM)
Associate Professor, North Carolina State University

George Moore
DVM, PhD, DACVIM (SAIM), DACVPM
Professor of Epidemiology and Director, Clinical Trials Group, Purdue University

Karen Moriello
DVM, DACVD
Clinical Professor of Dermatology, UW-Madison
Editor, Vet Dermatol

Lauren Trepanier
DVM, PhD, DACVIM (SAIM), DACVCP
Professor of Internal Medicine and Director, Clinician Scientist Training, UW-Madison

Karen Young
VMD, PhD
Clinical Professor of Clinical Pathology, UW-Madison
Immediate Past Editor, Vet Clin Pathol
